This topic teaches us to respect the **dignity** of all people and cultures.

Already, I can...

- ...review sources of propaganda and question why people's recounts may vary.
- ...investigate the differing roles of men and women.
- ...explore if and how the war changed food for good?
- ... discuss and explain how clothing was affected by WWII?

Can I...

- Can I begin to understand the geographical and historical connection between the Caribbean and Britain?
- Can I place the Windrush on a timeline and explore what life was like during that era?
- Can I explore the reasons behind the Caribbean migration to Britain?
- Can I explore the challenges faced by the Windrush generation upon arrival into Britain?
- Can I identify and appreciate the contributions of the Windrush generation to British society?

My sticky knowledge...
